## **Shooting your Kids**

Hmmm...something about that doesn't sound quite right. But just to make sure you won't *want* to, please consider the following:

- For the best possible experience, schedule an appointment long enough to allow you a relaxed, natural pace. Even if your little ones are well rested and fed, you can count on one thing: they *will not* hold still. Infants and toddlers especially can *smell* stress. They will almost certainly melt into a tantrum if you try to cram too much shooting into too little time.
- Bring a favorite toy, finger foods, blankets or whatever else comforts your child.

## **A Few Things to Remember:**

- A 50% non-refundable deposit is due on the day of the shoot. Cash or check only.
- We know that things happen. If you need to cancel, please give at least 72 hours notice.
- Plan to arrive 15 minutes prior to your scheduled appointment.
- You're welcome to bring personal props or clothing changes to the studio—just let us know in advance so that we can accommodate you.
